SPORTS

BY JOSHUA STRATTON

In Year 5, we are currently learning volleyball, which is really fun when you can hang out with your friends and have fun, which is what P.E. does. That is why it is my favorite subject.

P.E. helps everyone and teaches them to get fit and have a good time doing it. For me, if you're a boy, it feels like it can almost bring friends together but it can also do this for girls too.

SENIOR DANCE INTERVIEW

BY HARRY AND JOSH W.

"I love that everyone is a friend and everyone cooperates with the dance moves and it works pretty well."

-Hannah

"I like it mostly because you get to communicate and just play around with others and it's really fun."

-Milana

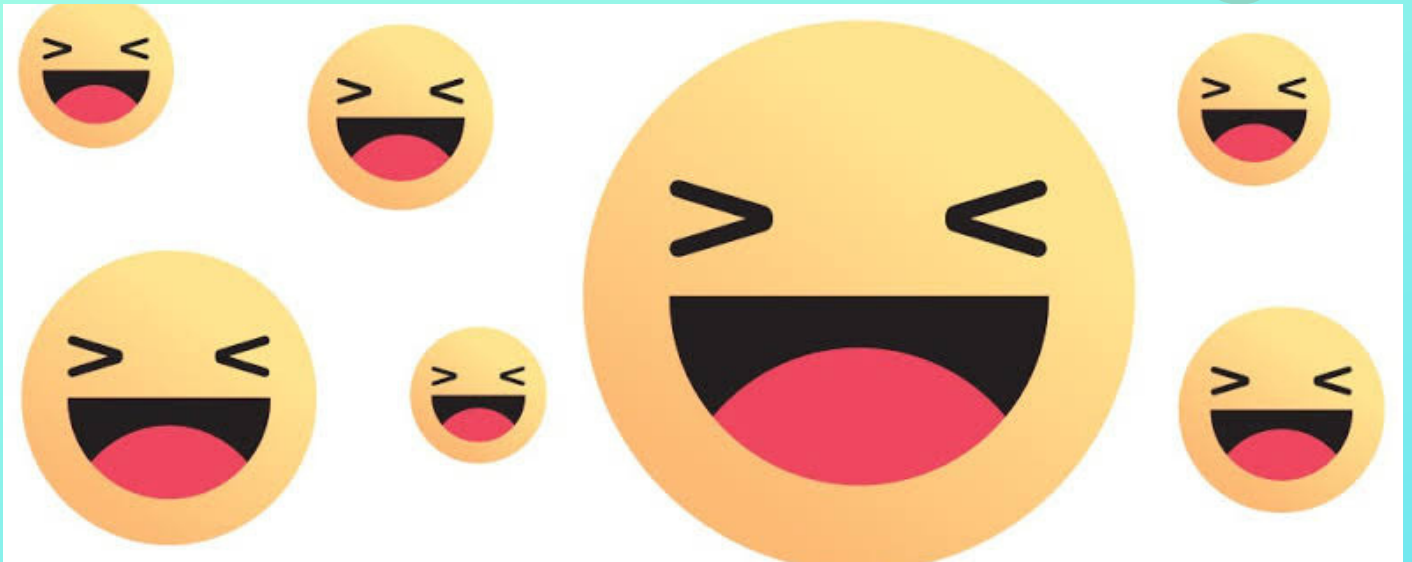

Senior dance is an opportunity to express your feelings in a dance. Also you can communicate with others.

-Mia S

"It's fantastic to see the students work hard at a routine they have choreographed themselves. By attending Senior Dance rehearsals, they are showing lots of commitment. They are also showing that they can be risk-takers by performing the dance they created at assembly. I love seeing students work hard while following their passions, and also getting involved in all aspects of school life."

- Ms Archer
