Aspendale Gardens Primary School

Dear Parent

Aspendale Gardens Primary School is looking forward to another great year of teaching and learning and would like to advise you of Aspendale Gardens Primary School's parent payment arrangements for 2021.

Please find the fee schedule attached. Please note that payments can be made in 2020 up until Tuesday 15th December, with payment in full due by Friday 19th February 2021.

Aspendale Gardens Primary School makes every effort to keep the cost of items and activities to a minimum and affordable for all parents.

While you have the option of purchasing the essential items yourself, it is worth noting that by purchasing in bulk, the school is able to obtain items at a significant discount to our families, ensuring all students have the equipment they need on hand at all times. If you choose to purchase items yourself, you must consult with the school so that your child has the required items.

FEE SCHEDULE - YEAR 4

Please find the itemised list of Essential Student Learning Items and Optional Items for your child. Aspendale Gardens Primary School also continues to welcome your voluntary contributions for 2021.

If you are unable to make payment via Compass, please bring a printed copy of this document with you when making payment.

Essential Student Learning Items

Below is a list of items and activities which are essential for your child to learn the standard curriculum. You may choose to purchase these items through the school or provide your own. If you choose to do this you must consult with the school so that your child has the correct items. There may be some items or services you cannot purchase yourself. The following is a summary of the main principles of the Parent Payments Policy:

FREE INSTRUCTION

Schools provide students with free instruction to fulfil the standard curriculum requirements as outlined in the Victorian Curriculum F-10, VCE and VCAL.

PARENT PAYMENT REQUESTS

- Schools do not ask parents to pay for school operating costs (e.g. utility costs) or general and unspecified charges.
- Schools request payments from parents under three categories:

Essential Student Learning Items

- Items and activities which the school deems essential for student learning.
- Parents may choose to purchase essential items through the school or provide their own.

Optional Items

- Items and activities that enhance or broaden the schooling experience of students and are offered in addition to the standard curriculum.
- These are provided to students on a user-pays basis.

Voluntary Contributions

- Voluntary contributions support the school to continue to be the best local school for all students and can be for general or specific purpose.
- Students will not be disadvantaged in any way if parents do not make a contribution.

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who struggle to pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

• Schools obtain School Council approval for their parent payment arrangements and upload their arrangements on their school's public website for transparency.
